Education

Andhra University College of Engineering | CGPA: 8.24

2021 – 2025

Bachelor of Technology in Computer Science and Engineering

Visakhapatnam, India

Internship Experience

Technohacks | Web Development Intern | [Remote](#)

May - June 2024

- Created a User Management System with full CRUD functionality using Node.js, Express.js, and MongoDB, improving my backend development skills.
- Worked with RESTful APIs and database integration, enhancing backend efficiency.

OctaNet | Web Development Intern | [Remote](#)

September - September 2023

- Built a To-Do List Application that efficiently manages tasks, improving productivity by 70%.
- Designed and developed Organic Website and Netflix Clone, improving front-end development expertise.
- Focused on user experience (UX) and responsiveness, ensuring seamless interactions across devices.

Projects

Restaurant | [Live](#) | [Github](#)

- Developed a fully responsive restaurant website using ReactJS, CSS and Javascript.
- This website features Home, Menu, Gallery, and Book a Table pages with immersive background images.
- Implemented smooth animations on cards and buttons, along with a restaurant-themed image gallery showcasing dishes and ambiance.

Home Nest | [Live](#) | [Github](#)

- Developed and deployed Home Nest, a real estate website designed to facilitate the sale of flats and homes using ReactJs.
- The platform provides an intuitive property listing system, allowing users to explore properties with detailed information such as Name, price, and location.
- Implemented smooth animations on cards and buttons, along with a restaurant-themed image gallery showcasing dishes and ambiance.

ORGANIC WEBSITE | [Live](#) | [Github](#)

- Designed and developed a frontend website to promote organic products, improving user awareness.
- Used HTML, CSS, JavaScript, and Bootstrap to create an engaging and responsive interface.
- Delivered a 90% better user experience through an optimized UI/UX design.

Technical Skills

Languages: Python, HTML/CSS, JavaScript

Frameworks: Bootstrap, ReactJS, Tailwind CSS

Tools: Git, GitHub, REST APIs, Data Structures and Algorithms, Object Oriented Programming, Database Management Systems

Certifications and Achievements

- **Microsoft** | Recognized as a Microsoft Technical Associate.
- **GeeksforGeeks** | Honored with Contributor badge for writing **16+** technical articles.
- **Hackerrank** | Certified in Python Basic Assessment.
- **EAPCET** | Achieved **2363** rank for outstanding academic performance.
- **Codechef** | Awarded **Bronze** and **Silver** badges | Solved **300+** coding problems.
- **Hackerrank** | Achieved **4-star rating** in Python.
